THE FIRE IN SAN FRANCISCO

Maybe it's Spring fever, or perhaps merely only a disinclination to work, but there is no greater joy in the life of a member of the Fourth Estate with that feeling of intense in-fall possession of him, than when he receives a contribution and knows that the labor of the day in getting up a column are no longer a source of worry. Such was the situation yesterday when the skies opened up and there descended, like manna, an article about the recent San Francisco holocaust. The author is too modest to permit his name being used, but what he says is well worth reading. Here it is:

Now that the papers have been filled with pictures of the recent fire in the San Francisco night club, the public is asking why the laws were not enforced regarding the use of the torches?

Of course the one to be put in jail is the dancer; she is out on bail, but J. Q. Public wants to know why the fire department officials were not on the job? The girl is held in violation of not getting a permit to use an open flame.

The fire officials know it is not safe to use an open torch in a place where people congregate and where there are silks and other inflammables which ignite easily, but the catch is what does the law say about it? The operators of this restaurant likely will get out of it without any trouble, just because the law does not specify just such cases as this. Isn't it a case of whether the thing is safe or not, but whether it is covered by law.

Many people do not like the idea of being told not to use candles with which to read silks and other stuff, and often make it very uncomfortable for any of the fire department inspectors who try to tell them the dangers. They want to know what right they have telling them what to do; this is a free country.

County Wins Spalding Case In High Court

MARTINEZ, May 15.—District Attorney Francis P. Healey was advised today of a final victory scored by Contra Costa county in the suit instituted by A. G. Spaulding Bros., asking judgment of \$5000 for goods it furnished the county and for which it contended it had not been paid.

A Supreme Court decision, upholding decisions made in Alameda county superior court and the Appellate court, was received today, by Healey, holding that the company received full payment from County Treasurer Charles L. Dodge in funds tendered to an agent, W. A. "Kelly" Wales.

FUND IRREGULARITY
The suit resulted from the exposure of irregularities that occurred in the school revolving fund during the administration of the

Two Escaping Felons Caught In Oklahoma

McALLISTER, Okla., May 15.—UP.—Scores of southeastern Oklahoma peace officers tonight followed three divergent trails of the six remaining fugitives from a mass prison break at the state prison here.

The pursuit was so hot that two of the "criminal" eight leaders in the break surrendered today, shortly after they had released three hostages and had seen officers pass within ten feet of where they lay hidden by the roadside.

The recaptured men, Archie Herring and Bill Anderson, were returned to the prison and placed in solitary confinement. So high was the feeling against them for the slaying of C. D. Powell, brick-plant superintendent, that a prison officer denounced their return alive.

THREE DIE IN VIRGINIA GUN BATTLE

GORDONSVILLE, Va., May 15.—UP.—A crazed negro and his sister perished tonight in the flames of their bullet riddled home climaxing a bloody battle fought near a cemetery in the foothills of the Blue Ridge Mountains.

Before they died, their guns had killed Sheriff William Young of Orange county, and wounded at least seven posse men, two seriously.

NOB FIRES HOUSE

The battle, which began at 5 P. M., when Young arrived to arrest the negro, William Wallis, 35, ended six hours later, when a mob of 5000 mountaineers finally succeeded in getting the barricaded two-story frame house on fire.

As flames licked up the sides of the house, the negroes, who were pumped machine gun shots at the house, kept throwing tear gas bombs and mountaineers let loose with their guns.

SISTER IS KILLED

Corra Wallis, the negro's sister, was seen to drop, clutching at her head. The man kept firing until the roof of the house caved in. Then he rushed out, emptying both barrels of a shot-gun. A blast of bullets knocked him backward into the blazing building.

Rushed University Hospital at Charlottesville were six members of the posse, two of them critically wounded. Three others were wounded but not seriously.

The cause of the battle came early today, it was reported, when Wallis, known by his neighbors as a "gun-toter" feared he was going to lose his job as attendant at the cemetery.

County Schools Enter Contest On Citizenship

Contra Costa county schools will play an important part in the public speaking contest for high school students of northern California now being conducted by the California Crusaders, a non-partisan organization, according to Samuel J. Hume, regional director. The subject is "American Citizenship, And What It Means To Me."

Entries have already been received from the Alhambra high school, Martinez, and the Liberty Union high school, Brentwood. Many students in other schools of the county have expressed their intention to take part in the contest. Each school will hold try-outs during the next two weeks to select the student speaker who is to represent it in the county contest, which is to be held late in May. Prizes will be awarded the successful speakers by Contra Costa county members of the California Crusaders.

The best speaker in the Contra Costa county contest will then enter regional competition with the students who have been successful in their contests in Alameda and San Joaquin counties. This regional meeting will be held in Oakland on June 3. The winners of eight regional contests will meet in final competition in San Francisco on June 15.

The grand prize is a vacation trip aboard a Matson liner to Hawaii. The second prize is a week's vacation at the Abalone hotel in Yosemite valley and the third is a week's stay at Soda Springs, Nevada county. Each of these students will have the privilege of inviting a parent or other adult companion as a guest. They will also be awarded silver trophies, cups and medals will be awarded the winners of the regional contests by the Crusaders.

Threats Of Bay Ferry Strike Grow

SAN FRANCISCO, May 15.—UP.—Threat of a San Francisco bay ferry tieup or pped up again today with reports that ferry boat workers were considering strike action to enforce their demands for dismissal pay.

Men working on ferries operated by the Southern Pacific and Northwestern companies expect to lose their jobs next winter when service is discontinued upon completion of the San Francisco bay bridge.

An emergency committee authorized to recommend a strike vote, if necessary, was announced tonight by the Marine Engineers Beneficial Association, No. 97.

The committee, according to Sam Kugel, of the Pacific Coast Labor Bureau, will cooperate with the ferryboatmen, masters mates and pilots union in its fight to obtain one month's dismissal pay for every year of service.

"I am afraid no settlement can come through efforts of the mediation board, leaving a strike as the only way the workers may secure compensation," said H. P. Melnikow, counsel for the three marine unions.

PWUU To Attend Convention At Oakland May 24

A large delegation of members of the Public Works Unemployed Union will attend a convention to be held May 24 at Carpenter's hall in Oakland, it was decided last evening when the organization met at W. O. W. hall.

An open meeting will be held by the group on May 29. There will be a social and refreshments.

O. P. Murdoch was the speaker last evening. He discussed the labor relations board organized in Oakland.

Arthur Long presided over the meeting.

FRENCH TO SEEK DEBT AGREEMENT

PARIS, May 15.—UP.—Leon Blum, Popular Front dictator of France and the probable next Premier, intimated today that the new red government which will take power June 2 under his guidance will seek an amicable war debt solution with the United States.

In his first public declaration of foreign policy since his forces swept into power in the recent general elections, Blum said:

DEBT STILL STANDS

"I want to touch on a subject which is of the greatest importance to the French people."

"The French have a tendency to believe the debts have been effaced. But our unilateral denunciation of the 1919 debt agreement was only the American sense of commercial probity."

"I hope that the debt problem, standing can be cleared."

"In reestablishing the world on a better basis there must be complete respect for international agreements and signatures."

CONTROLLED BY SOCIALISTS

Blum was addressing 400 members of the Paris American Club at the Interallied Circle.

Blum stressed that the incoming cabinet's foreign policy will not be influenced by contrasting political regimes such as in Germany and Italy. The new French government will be controlled by Socialists, Communists and other left wingers.

"Our foreign policy should not take into account the regimes of other countries," he said.

"We want to be at peace with all nations regardless of their internal regimes. We attach no virtue to war. We want to consolidate peace."

"It is absurd to think that we would push France to war to destroy other regimes."

Park Plan Is Attacked At Rotary Meet

Speaking before the Richmond Rotary Club yesterday, John H. Kimball, accountant secretary of the Eastbay Municipal Utility District attacked the plan under which an attempt is being made to turn vast holdings of the water district into park lands.

The speaker declared that all kinds of political pressure is being brought to bear on the water district commissioners to force them to lease or sell 10,000 acres of land in the Berkeley and Contra Costa hills and that they propose to pay only 25 percent of what the land originally cost.

Contra Costa's interest in the land approximately one-tenth, he declared, but this county is being ignored. If the commissioners are forced to give in Contra Costa will suffer by the loss of funds and values in a matter in which the residents of the county had no say, Kimball stated.

Norman Doyle served as chairman of the day.

Wesley Men's Club Told Of Cooperatives

The rapid growth of co-operative associations throughout the world was told to members of the Men's Club of Wesley M. E. church last evening by H. C. Proffitt.

The speaker related how the first co-operative consumers' organization was founded in England in 1844 and how this movement has grown until now there are millions of members.

In telling of the operations of the co-operatives, the speaker said that members may purchase as many shares of stock as they wish but they have only one vote; that a dividend of about six percent is paid each year and all funds remaining after the dividends are paid are put back into the business.

Many of the co-operatives are building their own factories to produce goods sold by the store members.

The speaker was introduced by Dr. H. F. Doran, the pastor of the church.

O. N. Wrigglesworth presided over the meeting. W. J. Thomson entertained with Irish ballads; communitarian was enjoyed and an open forum followed the meeting.

Key System Men Receive Pay Increase

All employees of the Eastbay Street, Railway, Ltd., and Key System yesterday were recipients of salary and wage increases which boosted the firms' monthly payroll \$120,000. Alfred J. Landberg, president of the two groups, announced.

The wage increase, apportioned according to craft, averaged two and a half cents an hour, and is the direct result of an improvement in passenger business conditions. Landberg debased Office workers structural employees, trackmen, shopmen and members of transit train crews, streetcars and motor coaches—organized and unorganized—are affected by the pay increase.

The two firms employ a total of 146 persons, all of whom received the pay increases, amounting to \$1,440,000 annually.

SUBSCRIBERS TO BENEFIT BY SCHEDULE

(Special to RECORD-HERALD.)
SAN FRANCISCO, May 15.—N. R. Powley, president of The Pacific Telephone and Telegraph company and the Southern California Telephone company, advised the California Railroad Commission today in accepting their recent order reducing rates in the Los Angeles Exchange, that the company would subject to the approval of the commission, voluntarily reduce its exchange rates in the San Francisco-East Bay Exchange and reduce the bond set rate in all exchanges throughout the State, all of these reductions to become effective with the bills issued on and after June 1, 1936.

In making this announcement, Powley stated:

LARGE SAVING

"The total annual savings to our customers in the State of California as a result of these rate reductions will approximate \$1,000,000. We are voluntarily offering to reduce our San Francisco-East Bay Exchange rates \$1,250,000 per annum which is the same amount as the reduction ordered by the commission for the Los Angeles Exchange. The remainder of the total reduction—\$800,000 per annum—is (Continued on page 8)

AUSTRIA IS NOW RULED BY DICTATOR

VIENNA, May 15.—UP.—Chancellor Kurt Schuschnigg tonight formally proclaimed himself absolute dictator of Austria.

The dramatic proclamation climaxed the bloodless coup d'etat by which Schuschnigg sheared Fascist leader Prince Ernst Rudiger von Starheimberg of all power.

Speaking to the powerful Fatherland Front of which he assumed complete control, Schuschnigg said dictatorship of Austria henceforth will rest with his own individual personality, instead of in the dual system by which he and Starheimberg directed the regime. Starheimberg was ousted Wednesday and dissolution of his troops, the Heimwehr, was begun.

TAKES LEADERSHIP

"We are assembled here in an earnest and decisive hour," Schuschnigg said.

"With full consciousness of my responsibility and in memory of the late Chancellor Engelbert Dollfuss, I hereby take over national leadership of the Fatherland Front."

Thus Schuschnigg, frail, scholarly and devout churchman, became the fourth member of the "European Dictators Club," joining Premier Benito Mussolini of Italy, Chancellor Adolf Hitler of Germany and Josef Stalin of Russia.

DISARM TROOPS

Schuschnigg said Starheimberg's Fascist-inclined Heimwehr was being disbanded, presumably to avert civil war in reprisal for the political death of their leader.

"The Heimwehr is Starheimberg's private army."

The disarming began almost simultaneously with Schuschnigg's (Continued on page 8)

Two Pair Pups
To Run In The
Farewell Derby

El Cerrito winds up its spring meeting tonight. All the best greyhounds perform.

Probably the most unusual Farewell Derby is listed. Two pairs of pups will run, Little Red Wagon and By Himself of Paul Sutherland's kennel race with Andrews' Pride and Mike Andrews of E. J. Olin's kennel in the feature. None of these pups are over 13 months old, but they have shown the same class that has made El Cerrito famous in the past. They run against Blackface Baldwin, Big Butano, Another Aristocrat and Spiff Fire. The crowd will get its biggest thrill out of the Farewell Derby when the pups close at the same odds as the old timers.

After the races the management at El Cerrito will stage free boxing and wrestling. Stubby Hall battles Dave Reynolds in a finish match. Frank Lamas boxes Ival Wilson in a four-round main event. Matchmaker Harry Fine is responsible for this great card.

How well Racing Secretary Greenwood has matched the dogs is witnessed in the sixth race where former match dogs like Genial Wager, Commanche, Oswego Goer and Lori Blitz scurry 500 yards.

Joy Girl set the pace last night in winning the seventh race and returned \$20.00 from the one note. This dog figured.

YALE TO ENTER
OLYMPIC CREW
TRYOUT RACES

NEW HAVEN, Conn., May 15.—UP.—Confronted by a dearth of first rate material and a host of ineligible, Coach Ed Leader of the Yale varsity crew, has turned his hand to one of the hardest problems which he has faced in 13 years of coaching the Yale navy—the problem of creating a boat worthy to contend for Olympic honors.

A small but hard schedule faces the varsity, and every man on the squad knows that Yale will have to be one of the best crews in the country to stand a chance in the Olympic tryouts in July. They have determined to do this, all hands realize the magnitude of the task, and nothing has been left to chance which can be accomplished through intelligent work.

A powerful unit has been developed surprisingly smooth in oarsmanship, despite the continual shift of several men on the starboard side. The blade work has suffered in comparison with the oarsmanship of the Yale crew of recent years, but power and a full strong catch are easily discernible as the varsity boat rows the Henly distance on the Housatonic in daily practice. In the paddling and the higher rowing there is a good run on the boat with no semblance of a serious check.

Castle Stays at Stroke
Jim Castle of Honolulu, captain and stroke, occupies his old position, but the rest of the boat is composed of men who have not had varsity experience. Handling the tiller ropes is Joe Holmes of Pittsburgh, another veteran, who put forth a splendid performance in the Harvard race at New London last June.

Leighton McCartney of Denver, a senior, who has been located at bow until recent illness removed him recently, rowed with the varsity in one spring race last year but the others have never before risen higher than the junior varsity.

The starboard side of the boat has been particularly "jinxed." The entire starboard side graduated with the exception of Don Belknap, who counted so heavily in last year's crew victories. He has been one of Leader's mainstays for two years but is suffering from an injured back. Coaches have been told by physicians that his return to the crew this year is "extremely doubtful."

6-2, 6-3; Heyno Paulsen (R) defeated Joe Connolly (SM) 6-2, 6-3; Walter Batchelder (R) defeated Jack Mulvaney (SM) 6-0, 6-0; Herbert Hunn and Heyno Paulsen (R) defeated Murphy and Connolly (SM) 6-0, 6-1, and Moore and Batchelder (R) defeated Bertzloff and Mulvaney (SM) 6-1, 6-3.

Policemen Will Refuse To Talk To Grand Jurors

SAN FRANCISCO, May 15.—UP—The county grand jury, "talking witness" average was slain for another slump tonight, with only one of five policemen called to testify in the jury's investigation of graft reports ready to give any information.

Captain William Healy said he would answer any questions put to him by the jurors in the matter of his personal finances.

In contrast, Captain Arthur DeGuire threatened to become utterly dumb in the presence of the jury. DeGuire insisted that his financial affairs were his own business.

Lieut. Henry Ludolph, called for a second appearance before the jury, flatly indicated that he would repeat his first stand and would decline to talk.

Immediate suspension, posting of charges of un-officer-like conduct with the police commission and contempt citations faced the officers who refused to tell the jury details of their personal finances.

Russians Will Increase Navy

LONDON, May 15.—UP—Soviet Russia broke the secret of just how strong the will be to build up a navy today that she was going to match Germany's naval strength in the Baltic and Japan's in the Far East.

A brief note from Soviet Ambassador Ivan Maisky to Sir Robert Vansittart, under-secretary for foreign affairs, cleared away much of the mystery that has surrounded Russia's naval strength.

The Soviet government already is the world's strongest land power, and her new policy will bring her close to the top among the armed nations of the world.

JAP TROOPS ARE SENT TO NORTH CHINA

SHANGHAI, May 15.—UP—Sino-Japanese relations reached a new high pitch of tension today with Japanese troops pouring into North China while the Nanking government vigorously protested Japanese smuggling in northern waters.

The strain in Nanking-Tokyo diplomatic relations and renewed Japanese sabre rattling just inside the Great Wall caused grave concern in British circles where it was feared the North China movements of Del Nippon's troops preface a fresh wave of Japanese expansion.

Japanese assurances regarding the purpose behind North China garrison reinforcements apparently failed to allay British misgivings regarding Japan's intentions.

American interests are involved in the situation because of Anglo-American consultations in London where it was decided to notify Japan that alleged Japanese official connivance in the activities of North China smugglers is seriously damaging both British and American trade as well as denying vital revenues to the Nanking regime.

1700 ARE LANDED

Japanese troop transports already have landed 1700 soldiers in Tientsin, gateway to North China from the sea. Others are expected to arrive shortly and it was expected there would be some troop movements through Shanhaikuan, on the frontier of Manchukuo, where the Great Wall comes down to the sea.

After the troops began arriving Japanese authorities in Peiping notified the American, British and other embassies of their presence but accompanied the notification with this statement:

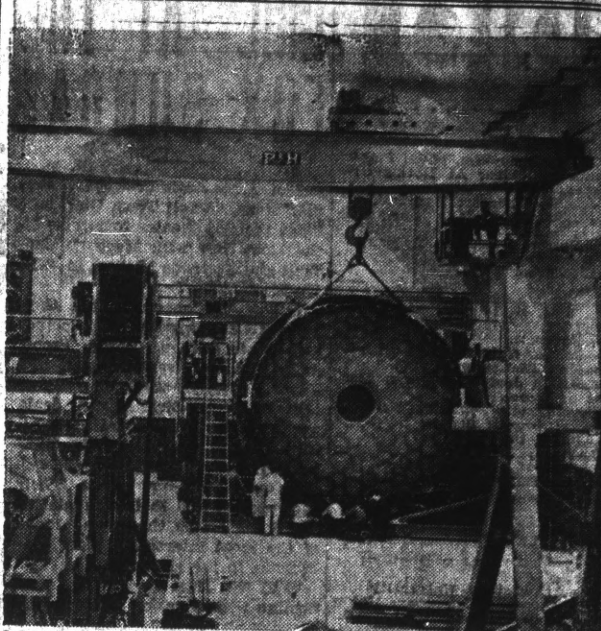

"BANDITS" AROUSE IRE. "The reinforcements for North China garrisons are not designed to work against Chinese sovereignty or against the powers interested in the area concerned. They have been sent solely in a desire to maintain peace and order."

Informally the Japanese expressed growing concern over the rampages of Communist-bandid armies in the North China area. The Nanking government, while awaiting official reports of Japanese troop movements in North China, sent a new and vigorous protest to the Tokyo government. It alleged that:

1.—Japanese interference in North China customs stations has deprived Chinese agents of the power to prevent smuggling, resulting in heavy loss of revenue.

2.—Japanese authorities in North China have connived in the activities of Japanese subjects who are smuggling goods from the sea and through the Great Wall.

"SMALL TOWN GIRL" AT THE FOX SUNDAY

Ben Ames Williams' most popular story, "Small Town Girl" will be at the Fox theater tomorrow on the same bill with Herbert Marshall and Gertrude Michael in "Till We Meet Again."

Robert Taylor and Janet Gaynor with a supporting cast including Binnie Barnes, Lewis Stone, Andy Devine, Frank Craven and Edgar Kennedy handle the roles in "Small Town Girl" which deals not with the perplexities of small town life but with a girl who finds herself the wife of a man who has met only an hour before. Their life together and their struggle for happiness forms the basis of one of the most interesting plots ever brought to the screen.

"Till We Meet Again" a drama dealing with men and women, through circumstances, are thrown into the espionage system of two different countries, is filled with suspense, beautiful romance and builds to a climax that is exceptionally exciting.

Charles Chaplin in "Modern Times" and "Moonlight Murder" are the two features playing for the last times today at the Fox.

Hollywood Film Shop

HOLLYWOOD, May 15—UP—Fashion authorities in the film capital, known for their sudden and startling changes in feminine styles, have executed another "about face."

The latest departure from an established routine appeared almost overnight when Hollywood designers and those leading women wore their creations bunched the long dress as a cocktail hour garment.

Immediately almost the entire feminine population in the film colony area began to join the move. As a result long-gowned women now seem not only conspicuous but behind the mode unless they definitely are dressed in dinner or evening clothes during the early evening hours, experts report.

With ruling out of the long dress for the late afternoon events, the small hat with veil, formerly so popular at 6 o'clock parties, also was declared a thing of the past.

Travis Banton was one of the first to frown upon small hats intended solely for cocktail wear, and he now expresses himself as highly pleased by their passing.

Banton's refusal to use the small hat and veil in cocktail costumes he designed for Carole Lombard, Claudette Colbert or Marlene Dietrich, was believed to have led to their rejection.

President Roosevelt has privately appealed to Senator Bart Wheeler and Representative Sam Rayburn, chairman of the Senate and House Interstate Commerce Committees, to push a measure extending the office of Rail Coordinator to Joseph B. Eastman for another year. Such extension is opposed by the railroads, by members of the Interstate Commerce Commission and by some of the railroad unions.

Secret ambition of Senator Pat Harrison, a professional ball player in his youth, is to succeed Judge K. M. Landis as Baseball czar — if and when he retires.

The names of Mrs. Franklin D. Roosevelt.

He indicated he favored a street-length frock and "ordinary matching hat" for cocktail parties, at homes or for downtown bars.

In an example of the radical change from the small hat, Miss Lombard recently appeared in a svelte black dinner gown and wore an enormous black cartwheel hat of black straw.

Another decided movement gaining supporters in Hollywood women's circles is the practice of definitely "linking" clothes with the home.

Sally Eilers has established a set rule for choosing her frocks and accessories. She declares she at all times considers "how they will look in my living room."

The DAILY WASHINGTON MERRY GO ROUND

WASHINGTON, May 15—A group of Western Republican leaders in Congress have been asked to submit platform planks and recommendations to Governor Alf Landon. They are told that the Kansas Governor will fight for the adoption of a liberal platform at the Cleveland convention, and was all the help he can get.

Supporters of the Wagner-Ellenbogen low-cost housing bill are accusing RFC Chairman Jesse Jones of secretly sabotaging the measure in the House. They assert he persuaded chairman T. Alan Goldborough of the Banking Committee, not to hold hearings on the bill.

The National Youth Administration is paying out \$10 a month to 121,000 college undergraduates, \$20 a month to 5,121 graduate students and \$6 a month to 235,000 high-school students.

In 1932 Don Tobin, head of the Teamsters' Union, chairmaned the Roosevelt Labor-Congress committee, and Big Jim Farley would like him to repeat this year. But the laborite is so irked by the Nonpartisan Labor League, recently organized by Major George Berry and John L. Lewis, that he is telling friends he will withhold decision until he sees the platform the two parties adopt.

Secretary Dan Roper is concealing a grandiose plan for a trade mission to South America, consisting of a large delegation of American businessmen and Commerce Department trade experts, headed by himself. How this scheme will sort with Secretary of State Hull, who is working out the details of the forthcoming Pan-American Peace Conference, remains to be seen.

NEW TOWNSEND PLAN

Townsend insiders have dropped hints in friendly quarters on Capitol Hill that far-reaching changes in their old-age pension scheme are under consideration. As outlined to one Congressional leader, the new plan would reduce the monthly pension from \$200 to \$60 or \$70, but also lower the minimum age from 65 years down to 50 or 55.

Senator Hugo Black's latest bill, which makes it a punishable offense for the government employee to seek the aid of a member of Congress in obtaining promotion has received no support from either the Administration or the organized federal employees' group.

The Anti-Trust Division of the Justice Department is seeking a \$100,000 grant organizing a staff of economists, who will delve into the inner workings of corporations, under fire in anti-trust actions. Assistant Attorney General John Dickenson, in charge of the division, denies they would be a new type of G-men, asserts that the purpose of the desired agency is strictly research and not law enforcement.

Eastman for another year. Such extension is opposed by the railroads, by members of the Interstate Commerce Commission and by some of the railroad unions.

NEW YORK INSIDE OUT

By DON O'MALLEY

NEW YORK, May 15—How do plays like "Mutatio" manage to survive? Nine months ago this study in miscegenation opened to good press notices, small houses and a steady loss for the management. It's still spinning along, and the reason among other things, is the fact that Marlon Brando, the author, is a wealthy man, and that one of its actresses is Patricia Mallinson, the silk heiress.

Broadway is celebrating twenty-five years of progress and development. Half a century ago Broadway at Times Square was little more than a village street, and a short distance to the north it was bordered chiefly by small farms and cottages. Kate Mayhew, who at 82 is the oldest active player on the stage, was one of the early pioneers.

DEMOCRATIC—Mayor La Guardia's official car is a swell study in contrasts. Crowds always collect in front of the City Hall to see the big Del.

Item in an Interior Department press release: "The most useful animal in our national parks is undoubtedly the park ranger. He must be Argus-eyed, and keep all of them open, day and night."

NEW STYLES—Every other night someone in this town rises gloomily to bemoan the death of vaudeville. The truth of the matter is that it has only changed its hab-

its.

In the old days you went to the neighborhood theater and sat in stuffy chairs while seven or eight acts were paraded before you. Today you simply go to a night club or "theater restaurant" and the same acts are there as of old.

Within the past couple of weeks there have been Fred Keating at the Pabst, Lou Holtz at the Versailles, Willie and Eugene Howard at the Hollywood, the scintillating floor show at the French Casino, and dozens more. The staid may wear less brilliant and the girls may wear less clothes, but the essential variety scheme is the same.

The difference now is that you pay three times as much, and can get simultaneously mugged if you want to.

CRIMSON WARNING by RICHARD SALE

Jane Hall, girl detective, is summoned to the home of Emory Harding on Skeleton Island, off the coast of Maine, to guard his daughter, Anne, whose life has been threatened in a letter typewritten in red, demanding that Harding relinquish a valuable ruby he brought from an old sea captain, Albert Sarrigier. He also sends for Bruce Kirby, a young museum curator. That night Sarrigier is murdered—poisoned by a deadly snake venom injected with a hypodermic needle. Then a strange, Drumm is killed. Robert Castan, one of the house guests, is found encircling or Harding's room and is taken out on a stretcher. About the time of his "escape," Harding is attacked in the same manner as Sarrigier. He is treated with an antidote but his chances are not a bit better. Among the other house guests, are Dr. Sarrigier, Emily Sarrigier, Dr. Toler, a snake expert; and Frank Belcher, Sarrigier's fiancé.

CHAPTER XXV KIRBY went down the hall to Harding's room, and entered without knocking, startling both Sarrigier and Toler, who were still sitting by the bed, watching over the patient.

Harding was still unconscious. He seemed scarcely to breathe, and beads of sweat stood out on his face.

ASPARAGUS A HEALTHFUL FOOD
You are familiar with the saying, "Quicker than Jack Robinson." The Romans had a similar saying, and did, in fact, use frequently by one of the Cæsars. "Faster than asparagus is cooked." Asparagus is classed as a non-starchy vegetable, is highly prized for its delicate flavor, and is a member of the lily family. It has been consumed from the time of the Greeks and Romans as a table delicacy and is reported to grow wild so plentifully on the Steppes of Russia, that the cows eat it like grass. Charles Lamb, great author, is quoted as saying, "I prefer to asparagus, which seems to me to be the most perfect of vegetables, in which from a word meaning 'upright.' In order to enjoy the full deliciousness of this food, use the tender young spears, cook them while fresh and be careful not to cook them too long." Asparagus can be obtained most of the year in its fresh form although it is most reasonable in price only when it is in season. The canned product may, however, be used when the fresh spears are expensive. Although asparagus does not contain a great deal of nourishment, it is nevertheless valuable because it is rich in food minerals. Asparagus contains an odorous substance called asparagin which stimulates the kidneys and usually passes out of the system very quickly. This vegetable is credited with being beneficial for those with kidney disorders, rheumatism, and nervous conditions. In preparing this vegetable it should be washed carefully to remove the grit. Inasmuch as dirt may stick to the scales, I find it the best plan to wash it thoroughly under running water. The tough fl. us end is then cut off. When you desire to serve the stalks whole, tie them in bundles, and cook for 20 minutes in about two inches of boiling water in such a way that the tips will be gently steamed. If you can find a tall, narrow can with a cover which is steam tight, this will be ideal. The tips will then remain unbroken. Do not throw away the juice in which it has been cooked, but save it and use later in soups. Serve the spears hot and season with butter. You will then have a spring treat which will be enjoyed by every member of the family. Here are two recipes for you to try:

ASPARAGUS ON TOAST
After the asparagus has been steamed until it is tender, place the stalks on thin slices of Melba Toast and heat in the oven. Just before serving, pour over the asparagus a mixture of cream, Melba Toast crumbs, and chopped parsley with a little salt.

BAKED ASPARAGUS
Wash and cut the tender part of the stalks into one-inch lengths. Place in a casserole and add meat broth or milk to cover. Put on the lid and bake for 40 minutes. Remove the lid and add a tablespoonful of dextrinized flour for each quart of asparagus. Return to the casserole and bake for 10 minutes longer.

MELBA TOAST TO GO WITH THE ASPARAGUS
The highest of toast is very thin and is browned all the way through. It may be made at home very easily by following this method: Cut up of the crust from a loaf of white bread, and slice the loaf into pieces one quarter of an inch thick. Allow these to dry overnight. Place in a moderately hot oven and roast so that the heat will penetrate to the center of the slice, thus thoroughly dextrinizing the starch.

QUESTIONS AND ANSWERS
(On Tuberculosis Inherited?)
Question: Mr. F. W. wants to know, "Is tuberculosis inherited; that is, if the mother has it, will the child also have it?"
Answer: Tuberculosis is not inherited, but the predisposition to it may be transmitted to the child. That is, the child is born with a tendency to this disorder. Usually when the child becomes tubercular, it is the result of exposure, when exposure would necessarily be most frequent when the child lives with a parent having the disease. Children do not seem to resist a tubercular infection as readily as adults and for this reason are in greater need of protection against it when there exists a continual danger of contracting the disease. The child born of a tubercular mother, especially the child with a poorly developed chest, should be trained in that way of living which will develop the greatest resistance and at the same time should be given special exercises to bring about a better chest development. When the child remains in the same dwelling with the mother, then stringent prophylactic measures must be enforced.

(Lobster, Crab and Shrimp)
Question: Mrs. E. C. X. writes, "How about lobster, crab and shrimp? Are they healthful or unhealthful?"
Answer: In my opinion, lobster meat is a healthful protein when used fresh, prepared by boiling without the addition of cheese, and in the proper season. Lobster contains between 17 percent and 19 percent protein. Lobster, crab and shrimp are all wholesome. Most people enjoy them as they provide variety in the diet and come in a delicious dressing. In addition, such foods are an excellent source of iodine, which is a substance necessary for the normal functioning of the thyroid gland.

OLD PEOPLE find way to keep breath wholesome

Halitosis (bad breath) quickly yields to Listerine, safe antiseptic and deodorant

Either because of stomach disturbances, food fermentation, or the wearing of false teeth, old people frequently have halitosis (bad breath). No wonder others consider them a nuisance. But now Science has found that the regular use of Listerine will often overcome offensive mouth odors due to the fermentation of tiny bits of food on mouth, teeth, or dental plate surfaces.

This safe antiseptic and quick deodorant works quickly. It cleanses mouth, teeth, and gum surfaces. Halts fermentation and putrefaction, a major cause of odors, and then counteracts the odors themselves.

Try using Listerine every two or three days. See how much more wholesome it leaves your mouth. How it sweetens your breath. Lambert Pharmaceutical Co., St. Louis, Mo.

All Time High Is Reached By Public Debts

WASHINGTON, May 15—UP—The public debt reached the all-time high of \$31,519,639 at the close of business May 12, the treasury department reported tonight.

This was an increase of almost \$2,000,000 over the debt of the same date last year. It represented a rise of approximately \$247.17 for every man, woman and child in the nation, compared with approximately \$227.37 at the same time last year. Financial quarters predicted the debt would approach \$35,000,000, or about \$377.00 per capita before the end of the fiscal year on June 30. The treasury is faced with the necessity of heavy borrowing in June. It probably will need \$1,000,000,000 and in addition \$50,000,000 will be needed for paying the soldier's bonus.

Guatemala Quits Nations League

GENEVA, May 15—UP—The League of Nations considered radical reforms tonight to avert a threatened wholesale exodus of Latin American nations from Geneva following Guatemala's sudden, unexplained resignation late this afternoon.

League officials feared that Guatemala's action might be the signal for withdrawal of Ecuador, Chile, Argentina, Colombia, Uruguay and Mexico.

Guatemala's resignation merely gave the League the required two years' notice of withdrawal and added that an explanation of her reasons will be air-mailed shortly.
